Mitsubishi Electric U.S. Honors Commitments Strengthening United States Manufacturing with $2.66B in Investments

The company has invested an additional $259.5M into U.S. manufacturing facilities, resulting in the creation of 400+ manufacturing jobs across Pennsylvania, Kentucky and Ohio.

CYPRESS, Calif., November 17, 2026 – Mitsubishi Electric US, Inc. highlights the investments made by Mitsubishi Electric Corporation in deepening its long-term presence in the United States through domestic manufacturing, job creation, cybersecurity, energy software, AI and digital innovation.

Through U.S. investments, acquisitions and announced commitments totaling over $2.9B, the company reaffirms its commitment to driving innovation across the globe.

The following developments have been made over the last two years:

- Three major manufacturing investments across Kentucky, Pennsylvania and Ohio
  - July 2026: $30M investment in data-center cooling manufacturing operation in Ohio
  - December 2024: $143.5M investment in a heat-pump compressor manufacturing facility in Kentucky
  - October 2024: $86M advanced switchgear and power electronics manufacturing expansion in Pennsylvania
- Two strategic U.S. technology initiatives
  - August 2026: Planned acquisition expansion in U.S. energy software capabilities with PCI Energy Solutions valued at $1.4B
  - January 2026: A strategic equity investment, followed by completed acquisition in Nozomi Networks valued at ~$1B
- One U.S. digital transformation and AI innovation hub
  - June 2026: Serendie Street Boston, the company's first western digital transformation and AI innovation hub, opened

"Mitsubishi Electric serves a greater purpose: manufacturing the smarter, more resilient, and sustainable, critical infrastructure our future demands. Our investments in the U.S. market are helping make that future possible. These investments into the United States market do exactly that," says Michael Corbo, President and CEO, Mitsubishi Electric US, Inc. "Despite the ocean between us, Mitsubishi Electric and Mitsubishi Electric US is one company with the same goal: create change for the better."

In total, the company has committed $2.66B+ in disclosed commitments and value, $259.5M in U.S. manufacturing, closed 6 major investment initiatives and announced 400+ manufacturing jobs.
