

AFORMIC Inc.

About Us

AFORMIC Inc. is a leading provider of mobile robotics solutions that elevating intralogistics operations to a higher standard. As part of the AIUT Group, one of the largest European integrators of robotics and automation solutions with over 30 years of industrial engineering expertise, we understand well the needs of smart factories in terms of increasing production flexibility and automating goods delivery. Our innovative, comprehensive software platform with factory fleet management, combined with a family of customized AMR transportation robots, is now within reach to serve your business needs.

e-F@ctory Solutions Provided

The mobile robot solutions can be fully integrated with plant systems, enabling smooth flow of information, efficient and error-free deliveries by the AFORMIC AMRs in a dynamic environment. With a local engineering center, we provide real-time support, development, and assistance throughout the entire system life cycle.

Complementary Products

Autonomous Mobile Robots

Core Technology

AMR and Management Technology

Industries Served

Aerospace	Machine Tools
Assembly	Manufacturing
Automation	Medical Technology
Automotive & E-Mobility	Pharma
Converting – Packaging	Plastics & Rubber
Food	Processing
General Manufacturing	Robotics
Logistics	Semiconductor & Electronic
