

Akribis Systems Pte Ltd.

About Us

Founded in 2004, Akribis Systems design and manufacture direct drive motors, stages and precision systems for manufacturing, inspection and testing, and support a wide range of industries including semiconductor, solar, flat panel, hard disk, LED, printed circuit board, printing, photonics, and biomedical manufacturing, etc.

e-F@ctory Solutions Provided

Akribis Systems and Mitsubishi Electric have partnered together to provide a substantial range of linear stages and precision systems for a number of strategic industries and machine builders.

Complementary Products

Servo Motion

Core Technology

Linear Motion

Industries Served

Biomedical
Consumer Electronics
Machine Tool
Material Handling
Medical & Life Sciences
Packaging
Printing
Semiconductor
Solar Biomedical
