About Us

Contec designs and manufactures highly reliable, long-life and rugged industrial computers, data acquisition for measurement and control, and M2M/IoT Solutions. Leveraging our expertise in the Factory Automation (FA) industry has allowed us to expand our business and quality product offerings to the growing Information and Communication Technology fields, including digital signage, healthcare, and energy.

e-F@ctory Solutions Provided

Contec and Mitsubishi Electric collaborate to deliver a number of integrated solutions based on an Industrial PC architecture. Off the shelf hardware solutions including WinPC/QPC enable easy hardware adoption or customized Motion control solutions utilizing PC based SSCNET (motion control network) are readily available.
