About Us

Founded in 1994, SyTech delivers reporting software and analytic solutions for process automation and industry.

e-F@ctory Solutions Provided

SyTech and Mitsubishi Electric have partnered to provide event based or on demand reporting solutions for a number of strategic industries, machine builders and end user customers. XLReporter is combined with our Automation solutions to create reports across a number of different formats (workbook, PDF and web format) and distribute them across to a number of devices (printers, email, web portal, and servers). XLReporter has the full on feature set of charts and calculations combined with a host of tools to view reports without the need for any additional software

Complementary Products
