Website

### About Us

Eureka Robotics is revolutionizing the field of robotics. Empowered by Robotics and A.I. research from NTU Singapore and MIT, Eureka Robotics delivers robotic control software and systems to automate tasks that require High Accuracy and High Agility (#HAHA).

With offices in Singapore and France and distribution partners in China, Japan, and the USA, Eureka Robotics prides itself on helping clients, globally, achieve vastly improved productivity, lower costs, better safety. Common uses include precision-handling, assembly, inspection, drilling, and many other domains.

### e-F@ctory Solutions Provided

Vision systems driving high agility and high accuracy robot movements.

### Complementary Products

Robots

### Core Technology

Camera Analytics and Robot Control

### Industries Served

Automotive

Material Handling

Medical and Life Sciences

Electronics
