Genesis32 Standard

Course Description

Genesis32 Standard	
Course Code	TR-G32-STANDARD-5
Length	5 Days
Price	\$2195
Prerequisite	N/A

INTRODUCTION

This is a hands-on, instructor led class designed to provide students with the fundamental of the GENESIS32 Automation Suite. The GENESIS32 modules that will be covered in the course includes: GraphWorX32, AlarmWorX32, TrendWorX32, Workbench32, Enterprise Reporting, Charting and Analysis, as well as Multimedia Alarm notification-all in a secure GENESIS32 environment. As a result, students will be able to obtain a fundamental working knowledge of and the ability to configure, operate and maintain a GENESIS32 system for standard HMI\SCADA developments.

WHO SHOULD ATTEND?

This training is recommended for those with working knowledge of basic HMI\SCADA development including data logging as well as a familiarity with PLC and I/O data acquisition.
